

Parent View

At Manorcroft we recognise and value the important role that parents play in the education of their children.

Here are some of the changes we have made in response to parent feedback via the Parent Forum, Parent Survey and Parent Workshop evaluation forms.

You said.....	We responded.....
Too many Parentmails were being sent on a daily basis.	The admin team now combine all general Parentmails into one communication – The Manorcroft Mail. This also includes useful information for parents e.g. dinner money.
More timely communication of some events	Dates for upcoming events are included in the new Manorcroft Mail. A copy of the dates for the whole school year can be found on the website. Parentmail reminders are also now sent out in advance of events.
Following our changes to homework, you would prefer weekly maths practice to practise skills.	Homework now includes weekly maths practice with Mathletics and DIGIT games being alternated. These are designed to practice and apply maths skills.
More flexibility on reading books to ensure they are engaging for all pupils	New books have been purchased to give a wider variety of genres and interests as part of our regular review of the reading scheme.
Topic open afternoon is lovely but you would like it to also include Literacy and Maths books.	Literacy and Maths books are available during topic open afternoons
You would like the option to pay monthly for the residential trips.	The introduction of Scopay has made the payment system more flexible.
You would like the school to report on the end of year outcomes for Early Years, Phonics, KS1 and KS2 on the website.	This is our statutory responsibility and these results are published annually on the school website and can be found by selecting 'Our School' followed by 'Performance'.
You would like more information about the curriculum.	We have increased the number of curriculum workshops this year. These have already included: Early Years reading, writing and maths; phonics; Early/Years KS1 and KS2 Talk for Writing; KS1 and KS1 Maths Calculation Workshops.
You would like workshops at different times	This year we are carrying out workshops at a range of different times to find out which suits parents best: 9.15am with a crèche; 3.30pm with a crèche and 6.00pm.
