

# Poster Competition

Get creative and enter the British Science Association's annual poster competition. You can make your poster about whatever type of **exploration or discovery** you like.

Here are some topic ideas to get you started:

- What sort of discoveries have you made?
- Research famous explorers e.g. Captain James Cook, Gertrude Bell, David Livingston
- Think about what discoveries might be made in the future
- Other than places, what else do people explore?

**Posters must be on A4 or A3 paper and must include your name, class and age on the back of the poster.**

There will be 5 winners of the competition from across Manorcroft School. The winners will each receive a science prize and their posters will be entered into the National Science Week competition. Winners of the national competition will have their work published online and receive an array of prizes!

**Deadline - Friday 23<sup>rd</sup> March 2018**
