

Year 3 to Year 6 weekly challenges

Comparison

Choose a challenge to complete. You could also ask an adult to share your challenge on Twitter @Cornerstonesedu or Instagram @cornerstonesedu.

Art critics

Explore the Tate Gallery Kids website and watch the videos about different art movements, such as Pop Art and Impressionism. Choose two different movements and write a detailed comparison of them. Include categories, such as the use of colour, significant artists, common materials and tools, sources of inspiration and key dates.

Leader vs leader

Choose two or more past world leaders to research using a safe web browser or books. Create a Top Trumps style fact file for each leader, deciding on the categories to compare. Categories might include number of years in service, level of power and best and worst achievements. Which leader comes out on top?

Seed spreaders

Use a safe web browser to find out about the different ways in which plants spread their seeds to reproduce. Draw and label a clear picture of two different plants and their seeds. What seed-spreading plants do you have around your indoor or outdoor spaces?

Hola España

Use a globe and online maps to find out about the similarities and differences between Spain and the UK, including climate, landscape, language, main imports and exports, size and weather. Record your findings in a comparison table to show the differences that you discover.

Sugar, sugar

Find out which foods and drinks contain the most sugar in your house by studying packaging and labels. Write your findings in a special report to share with your household. Offer your recommendations for keeping a healthy balance that includes some sweet treats and tooth-friendly alternatives.

Our survey says

Draw up a survey to find out about people's experience of and views about the lockdown. Write your questions on paper or using a computer, with spaces for people to answer. You could also include some multiple choice questions. Ask people in your household, as well as safely contacting friends and relatives.
