

Pupil Premium Strategy Statement 2021-24

This statement details our school's use of pupil premium funding (and recovery premium funding) for the **2023 to 2024** academic year to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School Overview

Detail	Data
School name	Manorcroft Primary School
Number of pupils in school	396
Proportion (%) of pupil premium eligible pupils	16% (65 pupils)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	3 years 2021 - 2024
Date this statement was published	November 2023
Date on which it will be reviewed	July 2024
Statement authorised by	Ann Wheeler - Headteacher
Pupil Premium Lead	Hannah Weal - AHT
Governor / Trustee Lead	Dr Liz Ahearn

Funding Overview

Detail	Amount
Pupil premium funding allocation this academic year	£98,495
Recovery premium funding allocation this academic year	£9,280
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£107,775

Part A: Pupil Premium Strategy Plan

Statement of Intent

At Manorcroft, educational research is at the core of the strategies we implement for our pupils. It is the driving force that allows us to explore and deliver a range of support geared towards improving the achievement of pupils from disadvantaged backgrounds, specific to our educational setting.

As emphasised in the Education Endowment Foundation (EEF) Guide, consistent, quality teaching in every classroom is fundamental in ensuring that pupils from disadvantaged backgrounds reach their full potential. Our commitment in expanding our knowledge through regular, professional reading, training and working with educational professionals within and outside our setting supports this. We make sure that new knowledge and research is shared with staff through weekly, professional meetings and wider school projects to ensure that our consistent and rigorous approach to supporting disadvantaged pupils is understood and adopted by everyone.

Our research-based approach forms the foundation on how we allocate our funding to support teaching, targeted academic support and wider school strategies. Our approach is continually under review, steering future decisions on how to adapt our strategies for the needs of the pupils in our school, striving for sustainable improvements.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils:

Challenge Number	Detail of Challenge
1	Pupils meeting the standard to pass the PSC by the end of KS1: Implementing an evidence-based synthetic, systematic phonics programme for a consistent and rigorous approach to phonics teaching, so pupils meet or exceed national progress scores in phonics
2	Pupils making rapid progress to meet or exceed national attainment scores in reading
3	Pupils making rapid progress to meet or exceed national attainment scores in writing
4	Pupils making rapid progress to meet or exceed national attainment scores in maths
5	Identifying SEMH needs to remove barriers to learning: Ensuring pupils are supported emotionally and socially, enabling them to access their learning effectively
6	Ensuring that individual pupils' attendance meets or exceeds 95%

Intended Outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan (2021-24)**, and how we will measure whether they have been achieved:

Intended Outcome	Success Criteria
<p>EYFS</p> <ul style="list-style-type: none"> To promote a high-quality language-rich environment in EYFS 	<ul style="list-style-type: none"> For pupils to have access to language-rich activities that promote the acquisition of new vocabulary and knowledge around language For adults to champion a language-rich approach through CPD
<p>Phonics</p> <ul style="list-style-type: none"> Pupils meeting the standard to pass the PSC by the end of KS1 A synthetic and systematic phonics (SSP) programme to be successfully implemented Investment in a phonic-matched reading system to support the learning and development of early readers 	<ul style="list-style-type: none"> For all pupils to have access to a high-quality synthetic, systematic phonics programme For all teachers and LSAs to be trained for a consistent and rigorous approach to teaching phonics For all pupils to be using a phonic-matched reading progression to support pupils in becoming fluent readers For teachers and LSAs to be supported in implementing a new SSP programme to ensure quality first teaching in all classrooms
<p>Reading</p> <ul style="list-style-type: none"> Pupils making rapid progress to meet or exceed national attainment scores in reading Pupils to engage in a consistent approach to phonics, supporting early reading and therefore fluency in KS2 Pupils to have access to 'keep-up' sessions to support phonics learning so that reading fluency can be gained in KS2 Pupils to engage in a rich and meaningful curriculum to support their language acquisition 	<ul style="list-style-type: none"> Pre-planned, specific and regular (weekly) monitoring of teaching and learning from SLT/curriculum leaders Specific and planned coaching for teachers and LSAs, informed by monitoring SLT to lead evidence-based training to develop teachers' pedagogy with the view of addressing barriers to pupils' learning, including metacognition strategies, informed by whole-school monitoring for a rigorous and joined-up approach Investment and implementation of SSP to have positive effect on reading in KS2 Development of a whole-school curriculum overview to ensure that skills are taught in an order in which pupils can make meaningful links, increasing opportunities for effective language acquisition and reading comprehension

	<ul style="list-style-type: none"> • Subject leader to ensure that teaching reflects the progression and coverage of knowledge and skills needed for the year group
<p>Writing</p> <ul style="list-style-type: none"> • Pupils making rapid progress to meet or exceed national attainment scores in writing 	<ul style="list-style-type: none"> • Pre-planned, specific and regular (weekly) monitoring of teaching and learning from SLT/curriculum leaders • Specific and planned coaching for teachers and LSAs, informed by monitoring
<p>Maths</p> <ul style="list-style-type: none"> • Pupils making rapid progress to meet or exceed national attainment scores in maths 	<ul style="list-style-type: none"> • SLT and subject leaders to lead evidence-based training to develop teachers' pedagogy with the view of addressing barriers to pupils' learning, including metacognition strategies, informed by whole-school monitoring for a rigorous and joined-up approach • Subject leader to ensure that teaching reflects the progression and coverage of knowledge and skills needed for the year group
<p>Curriculum</p> <ul style="list-style-type: none"> • Effective use of a high quality cross-curricular resource to increase opportunities for writing in the afternoons 	<ul style="list-style-type: none"> • Curriculum coverage and the order in which skills are taught to be reviewed so that skills are taught in an order in which pupils can make meaningful links, increasing opportunities for quality writing • Opportunities for high quality writing to be monitored in books • Staff to develop action plans to support the subject they lead to ensure high-quality teaching and consistency across the school
<p>Curriculum</p> <ul style="list-style-type: none"> • Whole-school, curriculum overview in place to ensure curriculum coverage so that skills are taught in an order in which pupils can make meaningful links • Providing rich learning experiences so that pupils are supported in retaining what they learn 	<ul style="list-style-type: none"> • Development of a whole-school curriculum overview to ensure that skills and knowledge are taught in an order in which pupils can make meaningful links • Specific projects to be assigned to each year group to ensure relevant and meaningful links are made as pupils progress through the school • Middle leaders to monitor curriculum coverage and order of the skills taught to ensure high quality learning from each year group • Pre-planned, specific monitoring of teaching and learning from SLT/curriculum leaders • Specific and planned coaching for teachers and LSAs, informed by monitoring

<p>Teaching and Learning</p> <ul style="list-style-type: none"> • To develop a coaching and mentoring framework to support the best professional development outcomes and impact on pupil progress • To effectively develop coaching teams to support pedagogy within the staff team including educational leadership, pupil success and wellbeing, professional practice and community engagement • Implement and develop a new Feedback & Assessment Policy that makes meaningful contributions to pupil's understanding, removing barriers to learning 	<ul style="list-style-type: none"> • SLT to lead evidence-based training to develop teachers' pedagogy with the view of addressing barriers to pupils' learning, including metacognition strategies, informed by whole-school monitoring for a rigorous and joined-up approach • Pre-planned, specific and regular (weekly) monitoring of teaching and learning from SLT/curriculum leaders to support next steps in CPD • Specific and planned coaching for teachers and LSAs, informed by monitoring • Development of coaching teams and training in coaching conversations • Implement a new policy using staff and pupil voice and evidence based research to ensure positive outcome for pupils
<p>SEMH</p> <ul style="list-style-type: none"> • To enable pupils to practise resilience and perseverance so that they can access their learning effectively • Pupils with social and emotional needs to be identified quickly so that appropriate intervention can be planned for, allowing for learning to take place in the classrooms • Pupils' perspectives to be used to drive new strategies for supporting barriers to learning • Positive parental engagement • Planning and implementation of interventions specific to the needs of the pupils at the time 	<ul style="list-style-type: none"> • Teachers to run home learning clubs to ensure that disadvantaged pupils are accessing the additional learning on offer • For staff to be efficient in using our reporting tool so that relevant members of staff can be notified of a pupils' situation and appropriate and timely support be put in place, ensuring pupils' needs are monitored • For pupils to take part in Forest School learning, supporting their confidence, social skills, communication, motivation, physical skills and knowledge and understanding • Employment of a Home-School Link Worker (HSLW) to support social, emotional and/or mental health of the pupils and parents where needed • The use of a trained Emotional Literacy Support Assistant (ELSA) to support pupils with any social and/or emotional needs they may have, removing barriers to learning • Increased presence of SLT at the beginning and end of the school day to support parental engagement and pupils in expressing anything they may want to share so that learning can take place • The use of lunchtime reflection with DHT to ensure that pupils are coached in making better

	<p>choices, whilst being supported socially and emotionally</p> <ul style="list-style-type: none"> • SLT to monitor the planning and implementation of specific interventions for the individual needs of pupils
<p>Attendance</p> <ul style="list-style-type: none"> • To improve the attendance of disadvantaged pupils to meet or exceed the attendance of non-disadvantaged pupils 	<ul style="list-style-type: none"> • Regularly monitor the attendance of pupils so that timely and appropriate support can be planned where needed • Good communication and relationships are maintained with parents to support attendance rates

Activity in this Academic Year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above:

Teaching (eg. CPD, recruitment and retention)

Budgeted Cost: £36,619

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Reading</p> <ul style="list-style-type: none"> • Outside specialists • Visiting other schools • Research and data analysis as part of our ongoing implementation of the phonics scheme • Implementation of additional phonics strategies as part of the scheme for those with SEND/who have not passed the PSC in Y1 • Using a 'flood-fill' approach to prioritising the teaching of phonics so that sessions run with maximum efficiency • Additional staff to ensure that phonics and reading sessions always go ahead • Coaching of staff members from the reading leader to ensure that the quality of the teaching effectively evolves with the children's needs, maintaining the fidelity of the programme • Monitoring of teaching and learning within reading lessons to ensure a consistent approach is used by all • Continual investment in materials and training to maintain standards and support new staff 	<ul style="list-style-type: none"> • Evidence shows that using a synthetic and systematic approach to teaching phonics is necessary for ensuring that children acquire the strong reading foundations needed to become a fluent reader later in their learning (Rose, 2006) • The phonics programme that the school has invested in has worked in partnership with other organisations to create a revised programme that has been shown to have significant, positive effects in the reading progress of all pupils (including lower attainers) (Wandle and Little Sutton English Hub 2021) • The programme insists on a consistent approach to phonics where all teaching staff have to use the specific resources and approaches that everyone has been trained to use. This will allow for a smoother transition between year groups to maximise learning and contribute to consolidating the phonic skills the pupils have learned (Buckingham, 2016). • The consistent approach will also ensure that any gaps in learning can be catered for throughout the school and into KS2 where needed, using the same phonic approach, necessary to consolidate learning (Castles et al, 2018) • Evidence suggests that early experiences in reading are predictor of future reading achievement, which forms the basis for investing in a SSP programme (Vellutino et al, 2006) 	<p>1, 2 & 3</p>

<p>Writing</p> <ul style="list-style-type: none"> Invest in Colourful Semantics training to support staff in teaching the foundation skills for writing Subject leader to disseminate effective practice in the teaching of Colourful Semantics that will enable pupils to access the curriculum Regular and planned monitoring of the teaching of writing with SLT and subject leaders to ensure that standards are high and consistent Training from subject leaders and SLT in response to internal data that targets pupils' individual needs Regular coaching and mentoring with staff and subject leaders to ensure steps Monitor the use and effectiveness of a relatively new Feedback & Assessment Policy Use planned book scrutinies to respond to the needs of disadvantaged pupils 	<ul style="list-style-type: none"> Using school evidence on pupil and staff perspectives to drive quality teaching and learning in writing, quickly identifying and removing potential barriers to learning Evidence suggests that providing immediate feedback has a high impact on learning outcomes. Effective feedback supports pupils' focus and encourages them to use self-regulation strategies (allowing them to utilise feedback to make improvements) (EEF) Evidence shows that explicitly teaching pupils strategies to help plan, monitor and evaluate specific aspects of learning can have a positive impact on their learning 	<p>3</p>
<p>Maths</p> <ul style="list-style-type: none"> Carry out regular data analyses on the teaching and learning in maths across the school Respond to the data analysis for maths and carry out a range of monitoring activities including learning walks to identify how pupils with PP/SEND are accessing the curriculum Use the information gathered from learning walks to set out standards in the teaching of maths for vulnerable pupils 	<ul style="list-style-type: none"> Using school evidence on pupil and staff perspectives to drive quality teaching and learning in Maths, quickly identifying and removing potential barriers to learning (The EEF Guide to the Pupil Premium, 2022) 	<p>4</p>

<ul style="list-style-type: none"> • Implement pre-teaching as a strategy to enable pupils to access the curriculum • Monitor the use of keep-up sessions, enabling children to progress and avoid misconceptions 		
<p>Curriculum</p> <ul style="list-style-type: none"> • Subject leaders to disseminate good practice to ensure high standards across the school in the subject they lead • The order and content of the curriculum is reviewed regularly to ensure it is broad and balanced • Subject leaders to continue to ensure that teaching reflects the progression and coverage of knowledge and skills needed for the year group 	<ul style="list-style-type: none"> • Disadvantaged pupils' participation in all activities are high profile and families are individually contacted to support where needed • To ensure that skills are taught in an order in which pupils can make meaningful links, increasing opportunities for effective language acquisition and reading comprehension (Christine Counsell, 2020) • Evidence suggests that well-organised knowledge and skills curriculum progression positively impacts on pupils' learning as they progress through the school (Christine Counsell, 2020) 	<p>1, 2, 3, 4 & 5</p>
<p>CPD</p> <ul style="list-style-type: none"> • Training is pre-planned in response to the needs of the pupils - using data and observations • There has been a restructure of current practices to ensure that they work effectively in combination including use of data, pupil progress information, CPD, coaching and mentoring, subject leadership alongside specific pedagogical approaches. • Investment in professional reading materials - to support shared and individual CPD • Regular monitoring of teaching and learning from SLT/curriculum leaders which informs next steps in training • Weekly, evidence based training, coaching and mentoring to support 	<ul style="list-style-type: none"> • Regular and planned monitoring quickly identifies any need for staff support/coaching to ensure that pupils' needs are being met (EEF) • Significant improvements in pupils learning can be made when teachers demonstrate effective use of metacognitive and self-regulatory strategies, through modelling own thought processes, alongside promoting and developing metacognitive talk (EEF) • A combination of approaches will be used, including mentoring, coaching and training, to foster the best professional development outcomes. Coaching teams will be used as a vehicle to develop pedagogy within the staff team including educational leadership, student success and wellbeing, professional practice and community engagement (Growth Coaching International, 2022). • An extensive bank of resources for teachers to use to support the teaching and learning of the pupils that they teach and their individual needs • An investment in reading materials for teachers to support pedagogy and maintain high quality 	<p>1, 2, 3, 4 & 5</p>

<p>teachers' pedagogy and remove barriers to learning</p> <ul style="list-style-type: none"> • CPD is supportive of teachers becoming more autonomous and responsive in catering for the individual needs of the pupils they teach • Teachers and LSAs have access to a National College training package, to support individual CPD 	<p>teaching in the classroom, eg. 'Teaching Walkthrus' by Tom Sherrington</p>	
<p>Standardised Assessments</p> <ul style="list-style-type: none"> • Continued investment in Star Assessments to target pupils learning needs 	<ul style="list-style-type: none"> • Using computer-adaptive technology and more than thirty years of data, this assessment system has shown to provide accurate data about the pupils' progress, attainment and areas of development so that timely and appropriate support can be given. It is highly rated by the National Centre for Intensive Intervention (NCII). 	<p>2, 4 & 5</p>

Targeted Academic Support (eg. tutoring, one-to-one support, structured interventions)

Budgeted Cost: £28,507

Activity	Evidence that supports this approach	Challenge number(s) addressed
<ul style="list-style-type: none"> Implementation 1:1 'Keep-up' sessions in phonics 	<ul style="list-style-type: none"> School data has shown that this has had a significant and positive impact on the outcomes for pupils in reading Evidence shows that immediate feedback and additional teaching/intervention allows pupils to address misconceptions to maximise learning potential. Where children do not grasp a new grapheme-phoneme correspondence (GPC), specific 'keep-up' sessions are delivered by teachers to ensure that pupils continue the programme at the same pace as their peers (Wandle and Little Sutton English Hub 2021). 	<p>1 & 2</p>
<ul style="list-style-type: none"> Ensure that planned interventions run effectively across the school 	<ul style="list-style-type: none"> SLT to regularly monitor the quality, organisation and running of the interventions that operate across the school to ensure that pupils' needs are being met SLT to use intervention analysis to make appropriate changes to pupils' support 	<p>1, 2, 3 & 4</p>
<ul style="list-style-type: none"> Elklan 	<ul style="list-style-type: none"> When matched appropriately to a pupil's needs, evidence suggest oral language interventions supports pupils' articulation, vocabulary and spoken language, allowing them to access other areas of the curriculum effectively (EEF) 	<p>2 & 3</p>
<ul style="list-style-type: none"> Pre-teaching 	<ul style="list-style-type: none"> Evidence shows that pre-teaching and 1:1 tuition has a high impact on pupils' learning, due to the individualised nature of the learning (EEF) 	<p>1, 2, 3 & 4</p>
<ul style="list-style-type: none"> Precision teaching 	<ul style="list-style-type: none"> An intervention based on Haring and Easton's (1978) learning hierarchy to support pupil's acquisition and fluency of new skills, also supported by the Educational Psychology Service 	<p>1 & 2</p>
<ul style="list-style-type: none"> The purchase of individual Power Maths books to support pupils' learning 	<ul style="list-style-type: none"> Individual resources to support the learning of pupils in Maths, aid concentration and ability to take part in their learning efficiently 	<p>3</p>
<ul style="list-style-type: none"> Outside agencies 	<ul style="list-style-type: none"> The use of outside specialist agencies/teachers to support pupils, including: Educational Psychology Service, Occupational Therapy and Speech and Language 	<p>1, 2, 3 & 4</p>

Wider Strategies (eg. related to attendance, behaviour, wellbeing)

Budgeted Cost: £44,250

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>ELSA</p> <ul style="list-style-type: none"> Supporting the social and emotional development of pupils through the use of an ELSA 	<ul style="list-style-type: none"> Emotional Literacy Support is an evidence-based strategy that breaks down barriers to learning by catering for specific social and/or emotional needs that the children may be experiencing. Our Emotional Literacy Support Assistant (ELSA) is a dedicated member of staff who supports the lunch-time sessions, helping children overcome any difficulties that they would have otherwise brought back into the classroom and therefore inhibiting their ability to learn. The ESLA then continues these sessions with specific children who have been identified as needing additional social and/or emotional support. The quality of this support is continually monitored through an educational psychology (EP) service every half term for a consistent and effective approach to supporting these children. 	<p>5 & 6</p>
<p>Forest School</p> <ul style="list-style-type: none"> Qualified Forest School teacher providing Forest School lessons for pupils across the school 	<ul style="list-style-type: none"> Forest School learning, supports pupils' confidence, social skills, communication, motivation, physical skills and knowledge and understanding, for example, Ridgers, (2010) 	<p>2, 3, 4, 5 & 6</p>
<p>Behaviour and SEMH</p> <ul style="list-style-type: none"> SLT leading 'Reflection' Daily reporting of social/emotional and behavioural needs of pupils Circle of friends Starving the anxiety gremlin Presence of SLT during lunchtimes and at the school gate at the beginning and end of every day to support parental engagement 	<ul style="list-style-type: none"> An appropriate combination of consistent approaches will be used to support all pupils' behavioural, social and emotional needs. Where tailored support is required for groups or individuals, SLT will support this through coaching them to make better choices, as research suggests teaching pupils self-management strategies has the highest impact (EEF). The use of a central reporting tool ensures that pupils' needs are recorded and shared with relevant members of staff. Subsequently, appropriate and timely support can be put in place and monitored, removing barriers to learning (EEF). These approaches are reviewed to ensure that appropriate and timely support can be put in place A strategy that supports parental engagement, allowing pupils/parents to share any information at the beginning of the school day so that pupils can come into school ready to learn and parents feel supported and receive the help that they may need (EEF) 	<p>5 & 6</p>

<p>Parental Engagement and Attendance</p> <ul style="list-style-type: none"> • Encouraging positive parental engagement to support pupils' attendance and parental involvement in their learning • Teaching staff to carry out parental workshops to involve them in their children's learning, equipping them with the skills they need to support home learning • Employment of a home-school link worker (HSLW) • Liaise with allocated member of the admin team to maintain records and put additional strategies in place where needed • SLT to call and meet parents where concerns regarding attendance persist 	<ul style="list-style-type: none"> • It is important to be specific about the support we provide parents, offering practical strategies rather than general support. Evidence shows that good communication with school can encourage positive dialogue about learning. Therefore, we encourage parents to attend workshops, held at varying times and in different formats, to ensure that working parents have access to this (EEF). • Where parents are in need of more support, our HSLW can provide tailored help to encourage a nurturing home-environment and home-school relationship. This supports pupils being able to come into school with a readiness to learn. This includes ensuring limited home finances are not a barrier to full participation in school life. 	<p>5 & 6</p>
--	--	------------------

Total Budgeted Cost: £109,376

Part B: Review of outcomes in the previous academic year (2023-24)

Pupil Premium Strategy Outcomes

Activity	Impact
<p>Reading</p> <p>Monitoring of teaching and learning within reading lessons to ensure a consistent approach is used by all</p> <p>Same-Day Phonics Interventions (Keep-Ups)</p> <p>Continued investment in high-quality reading materials</p> <p>Continual training from subject leaders/SLT to support staff in delivering a consistent approach</p> <p>Implementation and development of a whole-class reading approach</p> <p>Regular mentoring and monitoring of quality teaching by SLT and subject leaders</p> <p>Research used regularly to adapt approaches where needed</p> <p>Use of standardised assessment tools to support identifying and removing barriers to learning</p>	<p><u>Phonics</u></p> <ul style="list-style-type: none"> Pupils made good progress, as shown in their Year 1 Phonic Screening Check: <ul style="list-style-type: none"> ➤ PP - 100% pupils met the threshold (vs 87% of all pupils) Pupils made good progress, with cumulative data in Y2 showing positive outcomes: <ul style="list-style-type: none"> PP - 75% pupils met the threshold (vs 84% of all pupils) All PP pupils met threshold where there were no additional needs Pupils who did not meet threshold, are tracked and will continue with individualised phonics interventions in Y3 <p>Positive outcomes from the phonics programme are visible in reading outcomes for PP pupils:</p> <p><u>EYFS</u></p> <ul style="list-style-type: none"> 80% of PP pupils were on track for reading at the end of the academic year 60% of PP reached GLD (vs 65% of all pupils) All PP pupils were on track where there were no additional needs 100% of PP pupils made expected progress and 20% made rapid progress <p><u>KS1</u></p> <ul style="list-style-type: none"> 61% of PP pupils were on track for reading at the end of the key stage 15% of PP pupils were working above expectations All PP pupils were on track where there were no additional needs 20% of PP pupils made rapid progress <p><u>KS2</u></p> <ul style="list-style-type: none"> 30% of PP achieved the expected standard in reading (v 73% of all pupils) - all PP pupils achieved the expected standard where there were no additional needs 90% of PP pupils made expected or rapid progress where there were no additional needs All PP pupils were on track at the end of the academic year where there were no additional needs
<p>Writing</p> <p>Training from subject leaders/SLT to support staff in delivering a consistent approach</p> <p>Regular analysis of writing data to ensure provision is targeted for individual needs</p>	<p><u>EYFS</u></p> <ul style="list-style-type: none"> 60% of PP pupils achieved the expected standard in writing (v75% of all pupils) - all PP pupils achieved the expected standard where there were no additional needs 100% of PP pupils made expected progress with 40% making rapid progress 60% of PP reached GLD (vs 65% of all pupils)

<p>Feedback & Assessment in Writing Modify and continue to implement and develop a new Feedback & Assessment Policy that makes meaningful contributions to pupil's understanding, removing barriers to learning - this will take into consideration pupil and staff perspectives</p> <p>Book scrutiny - particular attention to pupils eligible for PP funding</p> <p>Training to develop a consistent approach in immediate feedback for a positive impact on pupil progress</p>	<p><u>KS1</u></p> <ul style="list-style-type: none"> • 38% of PP achieved the expected standard in reading (v 70% of all pupils) - all PP pupils achieved the expected standard where there were no additional needs • 64% of PP pupils made expected progress - all PP pupils made expected progress where there were no additional needs <p><u>KS2</u></p> <ul style="list-style-type: none"> • 40% of PP pupils achieved the expected standard in writing (v 72% of all pupils) - all PP pupils achieved the expected standard where there were no additional needs • 100% of PP pupils made expected progress (v 97% of all pupils) with 50% of PP pupils making rapid progress
<p>Maths</p> <p>Audit of the teaching and learning in maths in relation to disadvantaged pupils and those with SEND to remove barriers to learning</p> <p>Regular analysis of maths data to ensure provision is targets for individual needs</p> <p>Same-Day Maths Interventions (Keep-Up)</p> <p>Use of standardised assessment tools to support identifying and removing barriers to learning</p>	<p><u>EYFS</u></p> <ul style="list-style-type: none"> • 60% of PP pupils achieved the expected standard in maths (v 72% of all pupils) - all pupils achieved the expected standard where there were no additional needs • 80% of PP pupils made expected progress (v 91% of all pupils) - all pupils made expected progress where there were no additional needs • 60% of PP reached GLD (vs 65% of all pupils) <p><u>KS1</u></p> <ul style="list-style-type: none"> • 62% of PP pupils achieved the expected standard in maths (v 74% of all pupils) - all pupils achieved the expected standard where there were no additional needs • 91% of PP pupils made expected progress (v 84% of all pupils) and 9% made rapid progress <p><u>KS2</u></p> <ul style="list-style-type: none"> • 20% of PP pupils achieved the expected standard in maths (v 69% of all pupils) - all pupils achieved the expected standard where there were no additional needs • 100% of PP pupils made expected progress and 20% made rapid progress (v 95% of all pupils)
<p>Pupil Voice</p>	<ul style="list-style-type: none"> • Subject leaders carry out regular pupil voice activities where the perspectives of PP pupils are always included in these groups • Subject leaders triangulate what they see in lesson, with learning in books and pupil voice • Subject leaders use this evidence to drive their subject leadership aims and objectives • Where pupils were consulted as part of the latest Ofsted Inspection, the following judgements were made: <ul style="list-style-type: none"> ➢ The school is a happy place to be. Pupils have warm and mutually respectful relationships with everyone in the school. They are consistently considerate and calm in their conduct. A sense of kindness and care pervades as a result. Social times are joyous

	<p>because pupils take care of each other and their environment. They enjoy playtimes and help each other in the various activities that staff provide for them.</p> <ul style="list-style-type: none"> ➤ The school prioritises the personal development of pupils. Senior leaders recognise that pupils need to know crucial skills to be ready for the future. Subsequently, they provide a programme for pupils to learn valuable life skills and become independent. The school celebrates difference and teaches pupils that they should treat everyone with equal respect. Pupils have secure knowledge of a range of religions and cultures and truly value the diversity in their community. <p>(Ofsted Inspection (Sept. 2023))</p>
<p>Woodland Skills</p> <p>Increasing our offer for pupils</p>	<ul style="list-style-type: none"> • Training was provided to all teachers and LSAs by Surrey Outdoor Learning (SOLD) to ensure high-quality sessions could be planned and carried out with pupils. The offer for outdoor learning has increased where pupils will take part in sessions every half term. • The planning ensures progression and the continual investment in 'Woodland Skills' teaching will be maintained due to the positive impacts it has on pupil SEMH. This is considered in relation to cultural capital and forms part of the offer we want to provide for our pupils. • Feedback from pupils show that, from all year groups, the vast majority of pupils enjoyed their Woodland Skills learning and could articulate what they had learned and why they could do next to progress with the skills they had learned.
<p>Behaviour and SEMH</p> <p>Supervision meetings each week to ensure incidents are actioned appropriately based on online recordings by staff</p> <p>Behaviour support led by teachers and SLT using a consistent approach Implementation of Zone of Regulation - investment in training and resources</p> <p>Employment of HSLW</p> <p>Employment of ELSA</p> <p>SEMH interventions carried out by SLT/teachers:</p> <ul style="list-style-type: none"> • Circle of Friends • Lego Therapy • Feeling Fabulous • Starving the Anxiety Gremlin 	<ul style="list-style-type: none"> • As part of the latest Ofsted Inspection, the following judgements were made: <ul style="list-style-type: none"> ➤ Behaviour is exceptional in this school. The school teaches pupils about positive behaviour through all aspects of school life. Teachers in Reception embed routines and rules for children from the time they start. As a result, from the youngest age, pupils show positive attitudes to learning and excellent conduct. Staff take every opportunity to explore with pupils the impact of their behaviour or that of others. Consequently, pupils are understanding and inclusive. They create a positive behaviour environment throughout the whole school in the way they support and guide each other. <p>(Ofsted Inspection (Sept. 2023))</p> • The following approaches enable pupils to access this offer: <ul style="list-style-type: none"> ➤ To support a restorative approach towards behaviour, consequences for behaviour are not carried forward into the next session of learning/the next day ➤ Our restorative approach is inclusive for all pupils: they understand our behaviour policy; they know how incidents are resolved; and they are coached in how to make good/better choices ➤ Inclusive of those with SEND and those with SEMH difficulties, pupils use self-regulation strategies to identify feelings and resolve issues (Zones of Regulation) ➤ SLT are present every lunchtime to support and resolve any behavioural, social, emotional and mental health difficulties promptly, reducing barriers to learning within the school day

<p>Attendance</p>	<ul style="list-style-type: none"> • Attendance of vulnerable groups is tracked • Multiple communications involved in a rigorous approach to improve attendance, including letters, calls and attendance meetings held with HSLW/SLT • Additional attendance calls are made for PP pupils when they are not present in school • PP attendance is 94% (increase from last year) vs 95% for all pupils
<p>Parental and pupil engagement</p>	<ul style="list-style-type: none"> • Engagement is maintained with parents to ensure that we can provide the necessary support for pupils to take part in all of school-life, which has included the following: <ul style="list-style-type: none"> - Uniform - Trips - Workshops - Parent meetings • Engagement for all school activities are tracked • Contact with individual parents is made where there is a lack of engagement • PP pupils are asked individually about whether they want to participate in additional school activities to ensure they receive the same offer
<p>CPD</p>	<ul style="list-style-type: none"> • National College: <ul style="list-style-type: none"> ➤ Accessed for training during INSET days to support the quality of teaching and learning ➤ Accessed for LSA and PDM Meetings ➤ Accessed by all staff for CPD to support teaching of individual cohort/pupils
